Greene County Public Health Invites Community to Health Data Meeting

XENIA, OHIO — Greene County Public Health is inviting community members to attend a **Community Health Assessment (CHA) Data Sharing Meeting** on **Wednesday, March 18, from 11:30 a.m. to 1:00 p.m.** at **Soin Medical Center – Kumar Conference Center** located at 3535 Pentagon Blvd., Beavercreek, OH 45431 (inside Soin Medical Center).

The Community Health Assessment helps identify the most important health needs in Greene County. Public health staff gather and review local data to better understand the health challenges people in the community face.

At the meeting, Greene County Public Health will share some of the data collected so far. Community members and partners will also have a chance to discuss what the information means and how it can inform future health efforts in Greene County.

Community input is an important part of this process. Hearing from residents and local organizations helps shape programs and services that support a healthier community.

The meeting is **open to the public**, and **lunch will be provided for those who RSVP in advance**.

Those who would like to attend are encouraged to **register using the RSVP link provided: [CHA Health Assessment Data Sharing RSVP Form](#)**

For more information about Greene County Public Health and its programs, visit www.greenecophoh.gov or call **937-374-5600**.
